Advanced Ergonomic Chairs by

ROYAL FALCON

PRENIX

SETTING THE **BENCHMARKS**

PRENIX is the Flagship brand of ROYAL FALCON Furniture.

Royal Falcon is epitome of quality in the bespoke luxury furniture industry, and has always encompassed a vision to create furnishings so extraordinary that it would deserve to be called the Perfect Furniture.

With a passion for creativity and to meet the niche demands of the industry, Royal Falcon now introduces a premium collection especially targeted for the corporate world. Labelled as 'Prenix', these chairs are meant to personify the corporate taste by skillfully blending the modern techniques of manufacturing with classic design and trends.

Every chair at Prenix gives perfect support to your spine. Prenix chairs are best in the market in terms of ergonomics, aesthetics and features. The chairs dynamically adapt to the posture of the users by supporting their movements, and embody an unprecedented responsiveness with an intuitive feel.

Featuring intelligent functions, classic yet chic designs as well as unmatched ergonomics, the Prenix chair collection promises to be the quality preference of every corporate.

PRENIX

At Prenix we create simple yet comfortable chairs to meet the requirements of elegant offices or hip start-ups. These chairs will mold to fit your body and provide the ultimate comfort. Enhanced with German technology that results from merging intelligent mesh net and cushioned fabric with the chair back frame,

The high grade upholstery, sophisticated and graceful silhouette, polished base etc. is matched to obtain the highest level of luster and brilliance. Aesthetically and technically, these premium chairs reflect Prenix's commitment to create products of superior quality, durability, comfort and value.
